EDUCATION

Indiana University Bloomington	IN, USA
Ph.D. in Environmental Science; Advisor: Zhiying Li	08/2024 - Present
Shandong University	Qingdao, China
M.S. in Marine Geology; Advisor: Chao Jia	09/2021 - 06/2024
Taiyuan University of Technology	Taiyuan, China
B.E. in Geological Engineering	09/2017 - 06/2021

PEER-REVIEWED PUBLICATIONS

- [1] **Tian Yang***, Zhiying Li. Accelerating Transitions and Intensity of Dry-to-Wet Climate Whiplash Across the Contiguous United States (Submitted to Earth's Future).
- [2] **Tian Yang**, Xiao Yang, Chao Jia*. Detecting the main driving force of runoff change in the Beiluo River Basin, China. *Environmental Science and Pollution Research* (2023).
- [3] **Tian Yang**, Xiao Yang, Chao Jia*, Cong Wang. Combining Downscaled Global Climate Model Data with SWAT to Assess Regional Climate Change Properties and Hydrological Responses. *KSCE Journal of Civil Engineering* (2023).
- [4] Haitao Yang, **Tian Yang***, Fan Yang, Xiao Yang. Assessment of groundwater salinization impact in coastal aquifers based on the shared socioeconomic pathways: An integrated modeling approach. *Environmental Research* (2023).

(*corresponding author)

CONFERENCE PRESENTATION

- Poster Presentation on "Climatology and Trends of Abrupt Transition from Dry to Wet Extremes in the Contiguous United States" in the American Geophysical Union (AGU) 2025 Annual Meeting, New Orleans, LA, USA, December 15-19.
- Poster Presentation on "Characteristics and Drivers of Abrupt Transition from Dry to Wet Extremes in the Contiguous United States" at the Graduate Climate Conference (GCC), Boston, MA, USA, November 7, 2025.
- Virtual Oral Presentation on "Characteristics and Drivers of Abrupt Transition between Dry and Wet Extremes in the Contiguous United States" at the American Association of Geographers (AAG) 2025 Annual Meeting, March 25, 2025.
- Poster Presentation on "Climatology and Trends of Drought-Flood Abrupt Alternation Events in the Contiguous United States" in the Indiana Water Resources Association (IWRA) Symposium, Plainfield, IN, USA, November 7, 2024.

AWARDS & HONORS

- 2026 First Place Graduate Student Poster Award, Center of Excellence for Women & Technology Research Poster Competition, Indiana University (\$200)
- 2025 Sustainability Research Development Grant, Environment, Society, and Sustainability Institute, Indiana University (\$6000)

- 2025 First Place Student Paper Award, Climate Specialty Group, AAG Annual Meeting (\$250)
- 2023 Outstanding Graduate Student, Shandong University
- 2023 First Class (Top) Academic Scholarship, Shandong University
- 2022 Second Class Academic Scholarship, Shandong University
- 2021 Graduate Entrance Scholarship, Shandong University

SKILLS

Computer Languages

- Python/Jupyter, and R

Software

- ORIGIN, SPSS, ArcGIS, ArcSWAT, SWAT-CUP and Groundwater Modeling System (GMS)
